| Please explain what you witnessed: | Odessa Brown is our hospital courier. This service was set up by environmental services and David Chenoweth. Odessa has an 8 hour schedule that is dedicated to PeaceHealth St. John's needs. She delivers mail to the Women's Pavillion and all outlying clinics and connects us to the Broadway campus. She also picks up labs. She is called upon for special deliveries by Finance and Receiving. She does runs from our Pharmacy and Lab also. Odessa not only does her scheduled runs, but is called upon for stat runs and additional miscellaneous errands. She puts these in to her already packed day and always does it with a smile. Her attitude is a true testimony of her dedication to our hospital. She is loved by all and we consider her a friend. I have witnessed her saying yes to requests, knowing that she will be cutting her lunch break short in order to do it. We need to really thank her and let her know how appreciated she is because we all agree that she is a hard worker and a fine example of dedication and compassion. We are very luck to have Odessa Brown taking care of our hospital, in so many ways!! A SPECIAL thank you is long over due, this is the opinion of a great number of employees! Thank you. |
